The papers state that a great many soldiers have actually starved to death, while some have died for want of medical treatment. I am proud that the conduct of the officers to whom the blame is attached is to be investigated, and will be laid before Congress when it convenes.

He said that so sure as God and justice ruled, that sure Seitz would be elected. I wish to say that some of the Republicans of Wolfe county and every other county in the 10th district will vote against Mr. Seitz, and so far as his being elected is concerned, if he should ever get close enough to smell Fitzpatrick it will surprise the people.

The Toledo Weekly Blade.

Every intelligent family needs in addition to their local paper, a good national weekly. The greatest and most widely known general family newspaper is the Toledo Weekly Blade. For thirty years it has been a regular visitor in every part of the Union and is well known in almost every one of the 70,000 postoffices in the country. It is edited with reference to a national circulation. It is a Republican paper, but people of all politics take it, because of its honesty and fairness in the discussion of all public questions. It is the favorite family paper, with something for every member of the household. Serial stories, poetry, wit and humor; the Household department, (best in the world). Young Folks, Sunday School Lessons, Talmage's Sermons, the Farmstead, the Question Bureau (which answers questions for subscribers), the News of the Week in complete form, and other special features. Specimen copies gladly sent on application, and if you will send us a list of addresses, we will mail a copy to each. Only \$1 year. If you wish to to raise a club, write for terms.

JOTTINGS FROM JIM SWANGO.

Ed Taulbee and Harry Perkins have joined the army of broom-corn cutters in Coles county, Illinois.

Providence came in at the eleventh hour and saved the Central West from a severe drouth. In many places the yield will not exceed 15 bushels of corn to the acre, when the usual return is from 40 to 50.

Quite a number of mountain boys are taking advantage of the good prices paid broom-corn harvesters. They usually get \$1.25 per day and board. Among the number your writer saw were Joe Murphy, of Maytown, and Messrs. Carr and Davis, of Ezel. They are working for Daniel James at Bushton, Ills.

Miss Grace Frazier gave a two weeks' house party at her home near Charleston, Ills., in honor of her cousins, Miss Elizabeth Pieratt, of Ezel, Ky., Misses Myrtle and Stella Harmon, of Missouri, and Mr. and Mrs. Will Miller, of Paris, Ills., all of whom are well and favorably known in Hazel Green. Other guests were present, among them your writer. The party took in a number of summer resorts on Lake Michigan, and in all had about as fine a time as one could wish.

The following is clipped from the Charleston, Ills., Courier:

"Mr. and Mrs. W. G. Wright entertained about thirty friends Tuesday night. A musicale in honor of the Misses Harmon, of Warrensburg, Mo., and Miss Pieratt, of Kentucky, being the attraction. Those taking part in the excellent program were Mesdames Wright and Chilton, Misses Harmon, Pieratt, McCrory, McCarty and Perisho; Messrs. Davis, Tate and Swango. The house was prettily decorated in the national colors and hand-painted red, white and blue programs served as dainty souvenirs of the occasion. Light refreshments were served. T. E. Frazier and family, of Bushton, were among the guests."

Speaking of cities, St. Louis is no baby. She has between six and seven hundred thousand souls within her limits. She boasts of three great things that in their line have no rivals. The great bridge across the Mississippi, Shaw's Botanical Garden and the Anheuser-Busch brewery. I saw in Shaw's garden last week two century plants in bloom. One was 37 years old, the other 60. The garden proper contains 45 acres and has 2 acres of cultivated flowers, consisting of every known variety. The Anheuser-Busch brewery is worth millions of money, and employs over 5,000 men. By ordinary methods of reckoning 25,000 souls look to the brewery for meat and bread. The brewery uses millions of bushels of grain every year, which gives employment to thousands of farmers and their families. Their beer, which, by the way, took the World's Fair premium, is sold in every country on the globe, thus giving employment to thousands of saloon keepers. Then add to this the consumers, and you will have a grand total aggregating millions. Yet two men are at the head of this army and practically controls thousands of them. Busch's daughter recently married a German nobleman. The wedding cost Busch \$80,000, \$17,000 of which was for flowers.

Speaking of Germans, they get there with both feet when it comes to drinking beer. Belleville, Ill., 16 miles from St. Louis, has a population of 18,000, and has 400 saloons that pay a license of \$800 per year, yielding a revenue to the city of \$320,000. At all hours you can see old and young, matron and maid, priest and parishener, filing into the saloons with a tin bucket for beer. A hotel proprietor told me he had not drunk a drop of water in 18 years. Belleville runs "wide open" Sundays. Ninety per cent. of her population is German, and a year ago when a pious American mayor attempted to enforce the law and close the saloons and beer gardens on Sunday, they assailed him on the street and beat him unmercifully. Yet, with all this, the Germans are a thrifty people, and the best class of foreigners that come to this country.

A CRITICAL TIME

DURING THE BATTLE OF SANTIAGO.

SICK OR WELL, A RUSH NIGHT AND DAY.

The Packers at the Battle of Santiago de Cuba were all Heroes. Their Heroic Efforts in Getting Ammunition and Rations to the Front Saved the Day.

P. E. Butler, of pack-train No. 3, writing from Santiago de Cuba, on July 23d, says: "We all had diarrhoea in more or less violent form, and when we landed we had no time to see a doctor, for it was a case of rush and rush night and day to keep the troops supplied with ammunition and rations, but thanks to Chamberlain's Colic, Cholera and Diarrhoea Remedy, we were able to keep at work and keep our health; in fact, I sincerely believe that at one critical time this medicine was the indirect saviour of our army, for if the packers had been unable to work there would have been no way of getting supplies to the front. There were no roads that a wagon train could use. My comrade and myself had the good fortune to lay in a supply of this medicine for our pack-train before we left Tampa, and I know in four cases it absolutely saved life."

The above letter was written to the manufacturers of this medicine, the Chamberlain Medicine Co., Des Moines, Iowa. For sale by J. T. Day.

HAZEL GREEN, KY.

THURSDAY.....Sept. 1, 1898.

DEMOCRATIC TICKET.

FOR CONGRESS—10TH DISTRICT.

Hon. Thos. Y. Fitzpatrick,
OF FLOYD COUNTY.

THE announcement that the Hazel Green Fair Association will give an exhibition beginning on Tuesday, Oct. 11, 1898, and the three following days, will bring joy to the thousands of people who have heretofore had the pleasure of attending. This, the ninth annual exhibition, promises to excel in excellence anything that has heretofore been offered the amusement loving public. Mr. J. T. DAY, one of the founders of the fair, has been elected president for the present year, and all who know him and his energetic business methods recognize the fact that success will crown his efforts in this as it has in all his other business enterprises. No man in Eastern Kentucky is so thoroughly acquainted with the business men and their interests, nor is any man in this section so well posted as to the requirements of an exhibition of this kind to make it acceptable to all classes. J. TAYLOR DAY knows every man, woman and child in the mountains, and the fact that he is the principal factor in the fair this year will cause the people to come in droves, as it were. We are not in a position to outline the program or premium list at this time, as we have not yet been furnished with either, but we are assured that it will be all that an amusement loving people could desire, and that at the same time nothing on the grounds will be tolerated that would shock the modesty of a maiden or sour the temper of a matron. Mr. DAY desires to make this the banner year of the Hazel Green Fair, both in point of merit and attendance, and assisted by Wm. H. CLAYTON, of Young's Spring, Bath county, as vice president, with WILLIE H. PIERATT, of this place, as secretary and treasurer, there is no reason to doubt that he will realize all he anticipates in attendance of the people, and in amusements for their pleasure. Parties at a distance who desire any further information with regard to the entrance of horses, etc., should address W. H. PIERATT, the secretary-treasurer, for particulars. And in this connection it is appropriate to remark that all who contemplate coming here to train horses can be accommodated, as Hon. D. S. GODSEY, superintendent of the track, has put it in the pink of condition, and Mr. DAY has an abundance of stable room and forage for all stock that may be brought here. The premium list will be printed at the earliest possible moment, and prospective exhibitors should file their applications with the secretary now, so that he can mail them the premium list as soon as it is printed. The Fair at this place is an institution that should have the patronage of every man in the mountains, and we have every reason to hope that the people generally will do all they can to make it this year a greater success even than it has been in the past eight years of its existence. Let every man who can do so have something on exhibition if nothing more than a pair of pigs or a big pumpkin. Put your shoulder to

the wheel and help push it along. That is the way to make it a success, and every man who does that will reap reward in a realization of the success he will thus help secure. Remember, it begins October 11, and you have no time to lose.

OUR fellow countryman, JOSEPH P. ROSE, as we stated some time ago, will probably be a candidate to represent the district composed of Wolfe and Morgan in the next Legislature, and as it is Wolfe county's time to select the candidate, Mr. ROSE is not likely to meet with any opposition in his race. Indeed, it is generally conceded that his claim will not be contested. This is well, for there is not in Eastern Kentucky a more deserving man or conscientious citizen than JOE ROSE. He is thoroughly acquainted with the needs of the agriculturalist, being himself a farmer, and if nominated and elected, as he doubtless will be, he will reflect credit upon the farmers, whose champion he will be. Being a sober, sensible, level headed business man, he can do much for our legislative district, and to say that he can means that he will. Later on we will have more to say of him.

"THERE'LL be a hot time in the old town tonight" has become a stereotyped phrase with the people of Lexington, who are just now entertaining some 15,000 soldiers camped in their midst, and no night are they disappointed, or day either, for that matter.

THE LITTLE TOWN O' TAILHOLT.

BY JAMES WHITCOMB EILEY.

You kin boast about yer cities, and their stiddy growth and size, And brag about yer county-seats, and business enterprise, And railroads, and factories, and all sich foolery— But the little town o' Tailholt is big enough fer me!

You can harp about yer churches, with their steeples in the clouds, And gas about per graded streets, and blow about yer crowds; You kin talk about yer theatres, and all you've got to see— But the little town o' Tailholt is show enough fer me!

They haint no style in our town—hit's little like and small, They haint no churches, nuther,—jes' the meetin'-house is all; They's no sidewalks, to speak of—but the highway's allus free, And the little town o' Tailholt is wide enough fer me!

Some finds it's discommodin'-like, I'm willin' to admit, To hev but one postoffice, and a wome'n keepin' hit, And the drug store, and shoe shop, and grocery, all three— But the little town o' Tailholt is handy 'nough fer me!

You kin smile, and turn your nose up, and joke and hev yer fun, And laugh and holler "Tail-holts is better holts 'n none;" Et the city suits you better, w'y, hit's where you'd ort to be— But the little town o' Tailholt's good enough fer me!

UNCLE BILL COMBS and family, and Charley Mayberry and wife, our colored fellow citizens, on Friday last gave a dinner in honor of Mrs. Dulcinea Pieratt, to the family of whom Mrs. Combs formerly belonged. Besides Aunt Dulcinea other guests were Uncle Harry and Aunt Nan Swango, Judge G. B. Swango and wife and boy John, Mrs. South Trimble and daughter, of Frankfort; Mrs. Henry F. Pieratt and son Herald, and J. Morton Swango. All who were present and partook of the dinner are loud in their praise of the way Uncle Bill and Charley entertained. As it happened to be the 29th anniversary of the marriage of Judge and Mrs. Swango, it was an especially enjoyable occasion to them. Mrs. Swango, indeed, told THE HERALD men that she had not sat down to such a dinner since her wedding day. Uncle Bill and his family are known far and wide as fine cooks, and Mr. and Mrs. Mayberry have had charge of the culinary department of the Home for the past two years.

THE good people of Grassy are talking of taking out a citizen of that neighborhood and treating him to a genteel thrashing for unmercifully whipping his grown daughter, whom it is said he would probably have killed but for the timely arrival of a neighbor. He beat her with a board, cutting her scalp to the bone, and had her by the hair of the head dragging her from the house when the neighbor arrived and knocked him loose. If reports be true, it is a case where the "white caps" should be commended for a course of heroic treatment, and many think that a coat of tar and feathers would be the proper treatment. We understand a warrant for his arrest has been sworn out and placed in the hands of the sheriff of Morgan county.

BEN MURPHY, who lives on the Murphy fork, yelled out "school butter" as he passed the Public Square school Monday, and the boys, who were laying for him, pulled the bridle from his horse. He hit at a boy behind him, lost his balance and fell from his horse, his foot hanging in the stirrup. The horse became frightened and ran, dragging Mr. Murphy 100 yards or so, and kicking him every jump. The horse was finally penned and Mr. Murphy released from his perilous position. He was unconscious for a while, but vigorous rubbing and the application of restoratives brought him round. He was better Tuesday but very sore.

SAM RUSSELL, who has been at Hot Springs, Ark., for several weeks past for the treatment of his eyes, returned home Tuesday. He says that for two weeks he was so blind that he had to be led from the hotel to the bath house, after which he began to improve steadily and that now his sight is strong and he feels better every way. He says that Mrs. Day is improving rapidly and will be home by the middle of this month.

Old papers 20c. a hundred.

IN a recent visit to Hazel Green, Wolfe county, I had the extreme pleasure of attending a protracted meeting held by Elder H. D. Adams, in the vicinity of that beautiful little mountain town. Bro. Adams is one of our mountain preachers, and his labors are always attended with marked success wherever he goes. He is not an educated man, but nowhere in the mountains of Kentucky have I heard abler sermons than those I have heard from him, and I would take this opportunity of pointing him out to the State Board as one who, with the necessary support, would do a good work in Eastern Kentucky. In the meeting to which I refer, and which lasted two weeks, there were 38 additions, 33 by confession and baptism, and 5 from other sources. On Sunday afternoon, the last day of the meeting, he organized a church with 55 members, who have resolved to build a new church home as soon as possible. Thus closed one of the most successful meetings that has been held in Hazel Green. That God will bless the labors of those self-sacrificing mountain preachers, and that they will receive the support needed for carrying on the work of the Master that they, and they only, can do, is my prayer.—G. Nelson Stevenson in The Christian Guide.

W. T. SWANGO and J. M. Pieratt on Monday enjoined Miss Mallie James from teaching school at this place, and locked the doors of the school building. Elza James, one of the trustees, upon whom the injunction was also served, broke the locks and school was taught in the building Tuesday as usual. J. M. Pieratt was deposed as trustee by County Superintendent Lacy in July and J. M. Rose appointed in his stead. Together with James he hired Miss Mallie James to teach the school, and prior to his deposition Mort Pieratt and Billy Swango had hired Ova Swango to teach the school. Hence the trouble.

REGULAR services at the M. E. Church, South, next Sunday morning and night. On Sunday afternoon, at 3 o'clock, Rev. John Brooks will preach at Consolation, and Rev. Jas. R. Word at Lacy Creek.

Suffered 20 Years.

MRS. MARY LEWIS, wife of a prominent farmer, and well known by all old residents near Belmont, N. Y., writes: "For twenty-seven years I had been a constant sufferer from nervous prostration, and paid large sums of money for doctors and advertised remedies without benefit. Three years ago my condition was alarming; the least noise would startle and unnerve me. I was unable to sleep, had a number of sinking spells and slowly grew worse. I began using Dr. Miles' Restorative Nerve and Nerve and Liver Pills. At first the medicine seemed to have no effect, but after taking a few bottles I began to notice a change; I rested better at night, my appetite began to improve and I rapidly grew better, until now I am as nearly restored to health as one of my age may expect. God bless Dr. Miles' Nerve."

SPOT OF THE CRUCIFIXION

And Christ's Burial Place Located at Last as the Result of the Palestine Exploration Society's Labors.

The Palestine Exploration Society, the greatest authority in the world on Jerusalem and its holy places, where it has been conducting excavations and researches for over a score of years, has just decided a question of profound importance to all Christendom. It has located the exact spot on which Christ was crucified and buried. The final researches on the subject have lately been completed by Dr. Conrad Schick, the representative of the society, and his report has been made. This places the seal of scientific approval on the present Church of the Holy Sepulchre and the tomb of Christ. Dr. Schick's report will be presented to Emperor William of Germany when he visits Jerusalem.

The coming of Emperor William, of Germany, to Jerusalem next October is to decide finally one of the greatest religious questions of all ages, the true spot of the Holy Sepulchre.

Dr. Conrad Schick, of the Palestine Exploration Society, has recently made a careful examination of Calvary, or Golgotha, in Jerusalem, upon which the church of the Holy Sepulchre stands, and now reports on its genuineness.

His recent research was made at the request of German officials and his report is to be presented to the Emperor at the time of his visit there. It is believed that Dr. Schick's report will be accepted as final and that the seal of the highest scientific authority of the nineteenth century will be placed upon the Church of the Holy Sepulchre. This site of the most famous church in the world for a thousand years, was fixed by the mother of Constantine before the middle of the fourth century and this church erected over it.

For over 15 centuries it has been a place of reverence and worship of millions of Christian pilgrims. They have come from the farthest parts of the earth during more than a millennium.

Scientists quibbled about exact identity of the spot—but even they could not but reverence a place which multitudes of devotees have consecrated for ages.

Now science itself in the person of such a man as Dr. Conrad Schick, the great authority on Jerusalem antiquities, comes forward to verify the genuineness of the Holy Sepulchre.

Calvary, where the cross stood and the tomb of Christ and the other spots made sacred by the cross, are all contained under one vast, irregular roof in a series of churches and chapels called the Church of the Holy Sepulchre. Here the Roman Catholic, the Greek Christian, the Copts and the Syrians each have a separate portion of their places of worship. But the Protestants have no place in its precincts, and Hebrews are never allowed to enter by the Mussulman guards.

As the pilgrim enters the church he comes to the Stone of Unction, upon which the body of Christ is said to have laid and prepared for burial. Near by is the Pillar of Flagellation.

A little beyond is the cave in which Christ was confined immediately before His death. There is also the seat on which it is said He sat when he was deified and crowned with thorns and was hailed King of the Jews.

Within these same sacred precincts there is shown the spot upon which He stood when He showed Himself to His Mother after the resurrection, and the spot where He appeared to Mary Magdalene, and also the rock that was rent in two in the convulsion of nature at the final hour.

Within this great church the one spot above all others is the tomb of Christ. It is in the center of the large rotunda. Over it a separate chapel, a church within a church, has been built. Upon the face of this are the richest carvings, the costliest paintings. It is covered with gold and silver and gems. It represents the treasure and tribute of the Christian world.

There have been various theories about the place of the crucifixion and the tomb. It has been claimed that the Mosque of Omar was erected over the spot where the cross stood.

Others have said that Golgotha, the Place of the Skull, as the Bible describes Calvary, was outside the walls of Jerusalem and near St. Stephen's gate, and again that the hill north of the Damascus Gate, with the cave of Jeremiah, is the true Place of the Skull.

But the light of modern research is converging to the site of the present Church of the Holy Sepulchre as the

spot described in the Bible as the scene of the crucifixion and burial.

The paper just prepared by Dr. Schick, the noted German savant, is generally regarded as supplying the last proof necessary on the genuineness of the place now revered as Calvary.

It is interesting to compare the Biblical description of the place of the crucifixion and burial with what Dr. Schick has found in going over the ground recently. Here are the passages referring to it in the Gospel of St. John:

And they took Jesus and led Him away. And He, bearing His cross, went forth into a place called the Place of a Skull, which is called in the Hebrew Golgotha, where they crucified Him.

And after this Joseph, of Arimathea, being a disciple of Jesus, besought Pilate that he might take away the body of Jesus; and Pilate gave him leave.

Now, in the place where he was crucified, there was a garden, and in the garden a new sepulchre, wherein was never man yet laid. There laid they Jesus therefore, because of the Jews' preparation day; for the sepulchre was nigh at hand.—St. John xix, 14-42.

Pastor C. Mommert, of Schweinitz, has made a study of the Church of the Holy Sepulchre for 20 years. He has lately made a drawing from the wonderful Mosaic map at Madaba, unearthed a few years ago.—New York Journal.

ELEVEN THOUSAND SPANIARDS

Starting Homeward Send Their Heartfelt Thanks to America's Soldiers for Liberal Treatment.

SANTIAGO, Aug. 22.—"H. C. Corbin, Adjutant General United States Army, Washington: The following letter has just been received from the soldiers now embarking for Spain:

"SHAFER."

"SOLDIERS OF THE AMERICAN ARMY:

"We would not be fulfilling our duty as well born men, in whose breasts there live gratitude and courtesy, should we embark for our beloved Spain without sending to you our most cordial and sincere good wishes and farewell. We fought you with ardor, with all our strength, endeavoring to gain the victory, but without the slightest rancor or hate towards the American nation.

"We have been vanquished by you (so our Generals and chiefs judged in signing the capitulation), but our surrender and the bloody battles preceding it have left in our souls no place for resentment against the men who fought us nobly and valiantly. You fought and acted in compliance with the same call of duty as we, for we all but represent the power of our respective States. You fought us as men face to face, and with great courage, as before stated, a quality which we had not met with during the three years we have carried on this war against a people without morals, without conscience and of doubtful origin, who could not confront the enemy, but hidden, shot their noble victims from ambush and then immediately fled. This was the kind of warfare we had to sustain in this unfortunate land. You have complied exactly with all the laws and usages of war, as recognized by the armies of the most civilized nations of the world, have given honorable burial to the dead of the vanquished, have cured their wounded with great humanity; have respected and cared for your prisoners and their comfort, and, lastly, to us, whose condition was terrible, you have given freely of food, of your stock of medicines, and you have honored us with distinction and courtesy, for after the fighting the two armies mingled with the utmost harmony. With this high sentiment of appreciation from us all, there remains but to express our farewell, and with the greatest sincerity we wish you all happiness and health in this land which will no longer belong to our dear Spain, but will be yours, who have conquered it by force and watered it with your blood, as your conscience called for under the demand of civilization and humanity, but the descendants of the Congo and of Guinea, mingled with the blood of unscrupulous Spaniards and of traitors and adventurers—these people are not able to exercise or enjoy their liberty, for they will find it a burden to comply with the laws which govern civilized communities.

"From 11,000 Spanish soldiers.

"PEDRO LOPEZ DE CASTILLO,

"Soldier of Infantry."

A German scientist claims that the memory is stronger in summer than in winter. He says that among the worst foes of the memory are too much food, too much physical exertion, and too much education.
